# TEA

## LOOSE LEAF TEA

At EVERT we believe in the pure quality of loose leaf tea as it is a superior and high-quality tea that carries more health benefits than tea in bags. The antioxidants, catechins, vitamins, and minerals that enrich tea are found within the actual leaf and are released during the brewing or steeping process.

Our tea is served as loose leaf tea so you can smell, touch, and see the actual tea leaves and you're able to adjust the time of brewing according to your personal taste and strength preference.
