TEA

LOOSE LEAF TEA 40

At EVERT we believe in the pure quality of loose-leaf* tea as it is a superior and high-quality tea that carries more health benefits than tea in bags. The antioxidants, catechins, vitamins, and minerals that enrich tea are found within the actual leaf and are released during the brewing or steeping process.

Our tea is served as loose leaf tea so you can smell, touch, and see the actual tea leaves and you're able to adjust the time of brewing according to your personal taste and strength preference.

**All the loose-leaf teas are also packaged & available in-store to take home with you*
